WINTER 2018 FINAL CURRICULUM REPORT
March 14, 2018

OVERVIEW

The body of this report consists of two major sections: Course Proposals, reviewed winter 2018, and Other Curricular Matters.

Course proposals approved by the University of Oregon Committee on Courses (UOCC) and the University Senate are effective fall term 2018, unless a specific term is requested by an academic department and stated otherwise in this report.

All changes to course catalog listings, except for minor revisions of course descriptions, are intended to be included in the curriculum report, and are routed through the UOCC to the senate. The UOCC will consider new proposals during winter term and will submit a quarterly report to the University Senate in March. Information and suggestions for preparing proposals, including policies and definitions governing group and multicultural general-education requirements, are provided under Other Curricular Matters.

Courses Not Taught Report: Courses not taught within the past three years will be indicated for dropping from the curriculum in the spring curriculum report.

**EDST 638 Methods: English Language Learners Pedagogy (4)** Examines a variety of research-based instructional and assessment strategies that support English language learners in meeting the curricular mandates of mainstream language arts and social studies courses.

(UO administrative action)
EDST 640 Constructing Meaning through Literacy (4)

(Title change)
**EDST 640 Methods: Constructing Meaning through Literacy (4)** Provides concepts and strategies used in teaching children to read. Focuses in particular on instruction for beginning and intermediate readers and writers.

(UO administrative action)
EDST 641 Developing Thoughtful Literary Practices (4)

(Title change)
**EDST 641 Methods: Developing Thoughtful Literary Practices (4)** Examines the teaching of reading as a practice filled with cultural meaning, placing reading education in its wider social and cultural context.

(UO administrative action)
EDST 642 Humanities Pedagogy (4)

(Title change)
**EDST 642 Methods: Humanities Pedagogy (4)** Explores the application of language arts and social studies methods and strategies for future elementary school practitioners.

(UO administrative action)
EDST 643 Teaching Mathematics: Facts and Inquiry (4)

(Title change)
**EDST 643 Methods: Teaching Mathematics I (4)** Focuses on four areas of instruction crucial to becoming a skillful beginning teacher of mathematics.

(UO administrative action)
EDST 644 Teaching Mathematics: Inquiry in Context (4)

(Title change)
**EDST 644 Methods: Teaching Mathematics II (4)** Investigates techniques and strategies used to effectively teach mathematics and assess students. Prereq: EDST 643.
EDST 645 Methods: Teaching Science (4) Emphasizes science as a process of contemplating, exploring, and raising questions about the world in elementary classrooms.

(UO administrative action)
EDST 646 English Language Learners Pedagogy for Elementary Classrooms
(Title change)
EDST 646 Methods: English Language Learners Pedagogy (4) Examines a variety of research-based instructional and assessment strategies that support English language learners in meeting the mandates of elementary-level curriculum.

SCHOOL OF LAW

CRES 430/530 Working Internationally: Culture and Context (4) Theoretical, historical, sociopolitical, and practical contexts of working, volunteering, and performing internships and field research internationally.

SCHOOL OF JOURNALISM AND COMMUNICATION

(UOCC administrative action)
J 411M/511M United States Film Industry (4) Covers the past and present of the US film industry. Multilisted with CINE 411M/511M. Prereq: J 201 with a grade of mid-C or better.

SCHOOL OF MUSIC AND DANCE

DAN 241 Screendance: History and Theory (4) Explores the historical, theoretical, and cultural contexts of “screendance,” an interdisciplinary art form at the intersection of dance, film, and sound. Focuses on critical inquiries. Request to satisfy Category I: Arts and Letters general-education group requirement.

MUE 611 Qualitative Research in Music Education (3) Focuses on qualitative methodology and research in music education. Explores basic terminology and concepts relating to peer-reviewed research. Students carry out a study using qualitative methods.

MUE 612 Quantitative Research in Music Education (3) Focuses on quantitative methodology and research in music education. Explores basic terminology and concepts relating to peer-reviewed research. Students carry out a study using quantitative methods.

(UOCC administrative action)
MUE 613 Research Methods in Music Education (3) Experimental research including problem identification, research design, influencing variables, research tools, and the interpretation of data in relation to the teaching of music.
MUP 131 Performance Studies: Piano (2–4R) Studio instruction in performance for students with minimal previous training. Repeatable 11 times for maximum of 48 credits. Prereq: audition.

MUP 241 Performance Studies: Piano (2–4R) Studio instruction. (Same as catalog listing for current MUP 271.) Prereq: audition to demonstrate proficiency equivalent to completion of 100 level.

MUS 393 Oregon Electronic Device Orchestra (2R) Performance ensemble that uses data-driven musical instruments in combination with software and hardware to perform music and intermedia compositions. Prereq: MUS 447 or MUS 448.

MUS 693 Oregon Electronic Device Orchestra (2R) Performance ensemble that uses data-driven musical instruments in combination with software and hardware to perform music and intermedia compositions. Repeatable 11 times. Prereq: MUS 547, MUS 548.

WITHDRAWN PROPOSALS

None.

DROPPED COURSES

The University Senate agreed in 1998 that the report of the Committee on Courses should include those permanently numbered courses that are being dropped because (1) they have not been taught for three or more years, and (2) the department can provide no reasonable explanation why they have not been taught or whether they will be in the future. The faculty requires that general-education-satisfying courses be offered each year. Other courses should be offered at least every other year to avoid misrepresentation of course offerings to prospective students, and to ensure that required courses are readily available to current students.

Courses may be reinstated within a period of three years, conditional upon the following: (1) there has been no change made to the course, (2) the department provides the term the course will be taught, (3) the department provides the name of the faculty member who will be responsible for teaching, and (4) the department provides a course syllabus with information regarding undergraduate graduate differential for demonstrating mastery if the course is numbered 4XX/5XX.

Dropped courses will be listed in the spring curriculum report.
OTHER CURRICULAR MATTERS

COLLEGE OF ARTS AND SCIENCES

• The dean of the College of Arts and Sciences, with approval by the Undergraduate Council, has approved changes to the **degree requirements for the bachelor of arts and bachelor of science in political science.** In summary, students will be required to take two of three 100-level core courses, and two of six 200-level courses that are gateways to new career-related paths. *Effective fall 2018.*

• The dean of the College of Arts and Sciences, with approval by the Undergraduate Council, has approved changes to the **degree requirements for the bachelor of arts and bachelor of science in women’s, gender, and sexuality studies.** The changes are made to create a more sequenced curriculum, introduce several 200-level courses as introductions to more advanced 300- and 400-level courses, and define path options through the major. The overall credits required for the major remains unchanged at 48 credits. *Effective fall 2018.*

• The dean of the College of Arts and Sciences, with approval by the Undergraduate Council, has approved changes to the **requirements for the minor in women’s, gender, and sexuality studies.** The changes are made to create a more sequenced curriculum and introduce several 200-level courses as introductions to more advanced 300- and 400-level courses. The overall credits required for the minor remains unchanged at 24 credits. *Effective fall 2018.*

• The dean of the College of Arts and Sciences, with approval by the Undergraduate Council, has approved changes to the **requirements for the minor in queer studies.** The changes are made to create a more sequenced curriculum and introduce several 200-level courses as introductions to more advanced 300- and 400-level courses. The overall credits required for the minor remains unchanged at 24 credits. *Effective fall 2018.*

• The dean of the College of Arts and Sciences, with the endorsement of the Undergraduate Council chair, the associate vice provost for academic excellence, and the vice provost and dean for undergraduate studies, has approved a minor change to the **degree requirements for the bachelor of arts in French.** The change allows FR 150 to count toward the 12 credits of French electives. This is an exception to the requirement that those electives must be upper-division courses. *Effective fall 2018.*

• The provost, upon recommendation of the dean of the College of Arts and Sciences and in consultation with the Undergraduate and Graduate Councils, has approved **changing the name of the Folklore Program to the Folklore and Public Culture Program.** With approval by the Undergraduate Council and the Graduate Council, this name change also applies to the bachelor of arts, minor, undergraduate certificate, master of arts, and master of science in folklore. *Effective fall 2018.*

• The Office of the Registrar has confirmed and the UOCC approved the availability of a **new subject code, ICH.** This subject code will be used for courses teaching the Ichishkiin language, an indigenous language of the Pacific Northwest.
COLLEGE OF DESIGN

- The dean of the College of Design, with approval by the Undergraduate Council, has approved **changing the requirements for the bachelor of fine arts in product design**, reducing the total credits required from 220 credits to 184 credits. **Effective fall 2018.**

- The dean of the College of Design, with the endorsement of the Undergraduate Council chair, the associate vice provost for academic excellence, and the vice provost and dean for undergraduate studies, has approved a minor change to the **degree requirements for the bachelor of arts in art history**. The change creates a residency requirement in which at least four (16 credits) of eight (32 credits) upper-division courses must be taken in residence at University of Oregon. **Effective fall 2018.**

- The dean of the College of Design, with the endorsement of the Graduate Council, the associate vice provost for academic excellence, and the dean of the graduate school, has approved minor changes to the **degree requirements for the master of nonprofit management**. Changes are summarized below. **Effective fall 2018.**
  - Remove PPPM 526 Strategic Planning (4 credits) from required core courses
  - Add PPPM 610 Research Skills (2 credits) to required core courses (this course must be regularized by the end of the 2018–19 academic year)
  - Require PPPM 507 Nonprofit Financial Management (4 credits) (searching presently for a new course number—683?) instead of PPPM 684 Public and Nonprofit Financial Management
  - Total credits change from 72 to 70

COLLEGE OF EDUCATION

- The dean of the College of Education, with approval by the Graduate Council, has approved changes to the **degree requirements for the master of education in curriculum and teaching**. Changes are summarized below. **Effective summer 2018.**
  - Eliminate the fifth and final term from the curriculum
  - Reduce the total number of credits required to 62
  - Discontinue EDST 611, EDST 641, EDST 644, EDST 618, and EDST 615
  - Change takes effect starting with the cohort admitted for summer 2018
  - Current cohort to be given the option to forego the fifth term and graduate under the revised curriculum, or to graduate under the existing five-term structure

- The dean of the College of Education, with the endorsement of the Undergraduate Council chair, the associate vice provost for academic excellence, and the vice provost and dean for undergraduate studies, has approved a minor change to the **requirements for the minor in leadership and administrative skills**. The change states that 18 of 24 total credits are to be completed by taking six courses in leadership and administrative skills; the remaining 6 credits may be completed from a list of eligible courses outside the department. **Effective fall 2018.**
SCHOOL OF MUSIC AND DANCE

- The dean of the School of Music and Dance, with the endorsement of the Undergraduate Council chair, the associate vice provost for academic excellence, and the vice provost and dean for undergraduate studies, has approved a minor change to the degree requirements for the bachelor of music in music: jazz studies. The current requirement states the following: “Classical performance studies requirement: 0–12 credits, including proficiency at a level that allows enrollment in MUP 200-level [performance courses]. Jazz guitarists are exempt from this requirement.” The new requirement to state the following: “Classical performance studies requirement: 12 credits. Jazz guitarists are exempt from this requirement.” Effective fall 2018.

ACADEMIC POLICIES

- Upon request of the College of Design and approval by the Undergraduate Council, the degree requirements for the bachelor of fine arts are changed as indicated below. Effective fall 2018.
  - Minimum credits reduced from 220 credits to 180 credits
  - Group requirements. A minimum of 12 credits in group-satisfying courses in each group for a total of 36 credits (no more than three courses from one subject); no more than one course within the same subject code of the major. Limitations on subject codes remain the same
  - Eliminate the language and mathematics minimum
  - UO residency requirement: 45 after 120

- Upon approval of the Undergraduate Council, the university will designate students who do not have a declared major as “Exploring” instead of “Undeclared.” Effective fall 2018.

- Clarification for online class approval.

  The April 2016 guidelines for approval state:
  
  Already existing undergraduate online and hybrid classes will also be required to follow this model and will be reviewed by the UOCC for equivalence and appropriate assignment of credit hours within the next 3 years.

  Clarification to include adding an online version to an existing class:
  
  Already existing undergraduate online and hybrid classes and new online versions that are added to existing classes will also be required to follow this model and will be reviewed by the UOCC for equivalence and appropriate assignment of credit hours by Fall 2019 or after being taught 3 times since Spring 2016.
UO Undergraduate General-Education Group-Requirement Policy

The following criteria was proposed by the Undergraduate Council and the College of Arts and Sciences Curriculum Committee. The University Senate approved them in May 2001 by Motion US0001-3 Replacement Motion governing the approval of courses meeting general-education requirements and the distribution of courses student must complete within each group. Revised May 11, 2011 to authorize general education credit for courses waiting for permanent numbers. Revised May 22, 2013 to make clear that repeatable courses are not assigned groups satisfying status. Revised March 12, 2015 to remove the Inter-College General Education Review Committee (ICGER) from the review and approval process. Revised February 14, 2018 to include course outcomes and criteria from AA/OT, OTM, and HB2998 Credit Transfer Workgroup Foundational Curricula.

1. Group-satisfying courses in Arts and Letters, Social Science, and Science must meet the following general criteria:

1.1. **Group-satisfying courses in arts and letters** must create meaningful opportunities for students to engage actively in the modes of inquiry that define a discipline. Proposed courses must be broad in scope and demonstrably liberal in nature (that is, courses that promote open inquiry from a variety of perspectives). Though some courses may focus on specialized subjects or approaches, there must be a substantial course content locating that subject in the broader context of the major issues of the discipline. Qualifying courses will not focus on teaching basic skills but will require the application or engagement of those skills through analysis and interpretation.

1.2. **Group-satisfying courses in the social sciences** must be liberal in nature rather than being professionally oriented or limited to the performance of professional skills. They must cover a representative cross-section of key issues, perspectives, and modes of analysis employed by scholars working on the subject matter addressed by the course. The subject matter of the course will be relatively broad, e.g., involving more than one issue, place, or time. Courses with an emphasis on methods and skills will satisfy the requirement only if there is also a substantial and coherent theoretical component.

1.3. **Group-satisfying courses in the sciences** should introduce students to the foundations of one or more scientific disciplines, or should provide an introduction to fundamental methods (such as mathematics) that are widely used in scientific disciplines. Courses should introduce students to the process of scientific reasoning.
2. Specific Criteria:

2.1. Group-satisfying courses must be numbered at the 100, 200, and 300 levels.
2.2. Lower division courses must be offered annually, and upper division courses at least every other year.
2.3. Approved courses must be at least 4 credits each.
2.4. Approved courses cannot be repeatable for credit.
2.5. Upper-division group-satisfying courses must provide depth and rigor beyond that of typical lower-division general-education courses. Departments must justify, in terms of content, workload, and method of instruction, the assignment of a course to the upper level.
2.6. Courses that are offered for majors only are excluded from group status, but courses that are designed for both majors and other students may qualify.
2.7. Although laboratory courses are not automatically excluded from group status in the sciences, to acquire this status, the courses must not focus primarily on techniques or data collection.

3. Procedures governing the approval of all courses designed to meet general-education group requirements.

3.1. Before submission to the Senate, such courses proposed by departments must be reviewed:
   3.1.1. By the curricular committees (or equivalent) of the various colleges and schools and
   3.1.2. By the University Committee on Courses. There must be two committee faculty members present during the vote who are not representatives of the College of Arts and Sciences.
3.2. The University Committee on Courses is authorized to establish procedures governing the review process.
3.3. At the discretion of the University Committee on Courses, a course that has been submitted for review may be taught for group-satisfying general education credit once under a temporary course number while it is being reviewed, if the committee initially reviews it and determines the course would meet the criteria of group-satisfying courses as initially proposed.

4. Completion of group requirements (student progress):

4.1. Within the full set of courses that fulfills all of the requirements, students may not count
   4.1.1. more than one course that has the subject code of the major, or
   4.1.2. more than three courses that have the same subject code.
4.2. Within the smaller set of courses that fulfills the requirements of each group, students must complete at least two courses that have the same subject code.
Outcomes and Criteria:

Arts and Letters*:

OUTCOMES
As a result of taking General Education Arts & Letters courses, a student should be able to:
• Interpret and engage in the Arts & Letters, making use of the creative process to enrich the quality of life; and
• Critically analyze values and ethics within a range of human experience and expression to engage more fully in local and global issues.

* “Arts & Letters” refers to works of art, whether written, crafted, designed, or performed and documents of historical or cultural significance.

CRITERIA
A course in Arts & Letters should:
1) Introduce the fundamental ideas and practices of the discipline and allow students to apply them.
2) Elicit analytical and critical responses to historical and/or cultural works, such as literature, music, language, philosophy, religion, and the visual and performing arts.
3) Explore the conventions and techniques of significant forms of human expression.
4) Place the discipline in a historical and cultural context and demonstrate its relationship with other discipline.
5) Each course should also do at least one of the following:
   a. Foster creative individual expression via analysis, synthesis, and critical evaluation;
   b. Compare/contrast attitudes and values of specific historical periods or world cultures; and
   c. Examine the origins and influences of ethical or aesthetic traditions.

Natural Sciences

OUTCOMES
As a result of taking General Education Natural Science courses, a student should be able to:
• Gather, comprehend, and communicate scientific and technical information in order to explore ideas, models, and solutions and generate further questions;
• Apply scientific and technical modes of inquiry, individually, and collaboratively, to critically evaluate existing or alternative explanations, solve problems, and make evidence-based decisions in an ethical manner; and
• Assess the strengths and weaknesses of scientific studies and critically examine the influence of scientific and technical knowledge on human society and the environment.

CRITERIA
A General Education course in Natural Science should:
1) Analyze the development, scope, and limitations of fundamental scientific concepts, models, theories, and methods.
2) Engage students in problem-solving and investigation, through the application of scientific and mathematical methods and concepts, and by using evidence to create and test models and draw conclusions. The goal should be to develop analytical thinking that includes evaluation, synthesis, and creative insight.

3) Examine relationships with other subject areas, including the ethical application of science in human society and the relevance of science to everyday life.

In addition,
A General Education course in Natural Science should:
- Engage students in collaborative, hands-on and/or real-life activities that develop scientific reasoning and the capacity to apply mathematics and that allow students to experience the exhilaration of discovery.

Social Sciences
OUTCOMES

As a result of taking General Education Social Science courses, a student should be able to:
- Apply analytical skills to social phenomena in order to understand human behavior; and
- Apply knowledge and experience to foster personal growth and better appreciate the diverse social world in which we live.

CRITERIA
An introductory course in the Social Sciences should be broad in scope. Courses may focus on specialized or interdisciplinary subjects, but there must be substantial course content locating the subject in the broader context of the discipline(s).
Approved courses should help students to:
1) Understand the role of individuals and institutions within the context of society.
2) Assess different theories and concepts and understand the distinctions between empirical and other methods of inquiry.
3) Utilize appropriate information literacy skills in written and oral communication.
4) Understand the diversity of human experience and thought, individually and collectively.
5) Apply knowledge and skills to contemporary problems and issues.
